

Farrar Corporation Quality Policy

It is the policy of **FARRAR CORPORATION** to maintain a comprehensive quality program which will continually improve quality, reduce quality cost, and improve customer satisfaction and confidence in our products.

It is our **VISION** to be a nationally recognized provider of first choice for turnkey solutions by providing top quality products and services while operating with integrity, stewardship, teamwork, continuous improvement, and a commitment to creating value for our customers through building long lasting relationships.

FARRAR CORPORATION endorses the concepts of continuous quality improvement and total quality assurance. This approach emphasizes that quality is the responsibility of every employee.

FARRAR CORPORATION MISSION STATEMENT

The Farrar Corporation is a privately held and vertically integrated company providing quality service and ductile iron cast and machined parts to original equipment manufacturing customers.

Farrar Corporation Quality Objectives

- 1) Reduce employee injuries.
- 2) Reduce scrap.
- 3) Increase on-time delivery.
- 4) Reduce customer returns.
